Order this quote easily online through your [Premier page](#), or if you do not have Premier, using [Quote to Order](#)

Please ensure that your Contracting Officer carefully reviews the content of this quote. FAR 52.223-15 Energy Efficiency in Energy - Consuming Products (aka ESTAR) is a requirement of the contract under which your solicitation has been issued (or the solicitation itself is not under

an overarching contract). The attached quote may include a line item that will notify you that quoted product(s) is/are not ESTAR compliant (products are likely noncompliant due to the customer specification of additional/upgraded components and/or software to an otherwise compliant base system which increases its energy consumption and causes the system to fall out of compliance.) The FAR clause allows contractors to deliver non-ESTAR compliant products with the written approval of the Contracting Officer. If non-ESTAR compliant products are so quoted, Dell presumes that receipt of a delivery order being placed by a Contracting Officer authorized to bind the Government, citing the quote number, constitutes the Contracting Officer's written approval of Dell's delivery of a non-ESTAR compliant product.

Quotes **may** contain Non-TAA items and therefore may include products that may neither be U.S. made nor designated-country end products under FAR 52.225-5 Trade Agreements. These items will be marked on the quote as Non-TAA. If the contract you select to use does not permit Non-TAA items, and you wish to order them, Dell will enter those items pursuant to FAR 52.212-4 Contract Terms and Conditions - Commercial Items, and FAR 52.212-5 subsections (b) and (c) do not apply. If the contract you select facilitates Non-TAA items through a special CLIN, Dell will utilize that CLIN for these items. You may also contact your Sales Representative to learn of existing Contracts available to your agency for purchase of items proposed. Additionally,

- Unless otherwise stipulated in the Contract referenced on our Delivery Order, you may view Dell's return policy, online at www.dell.com/returnpolicy#total.
- **If the purchase requires only TAA-compliant product, it must be clearly indicated as a requirement on the Purchase Order.**
- If your order includes services, visit www.dell.com/servicecontracts for service descriptions.

If the quote(s) is/are complete and accurate, you may place your order at www.dell.com/qto (use quote number above). POs and payments should be made to:

Dell Marketing, L.P.
One Dell Way
Round Rock, TX 78692
Cage Code - 3DMD3
Tax ID - 74-2616805
DUNS - 877936518

This quote is valid for 30 days unless otherwise stated. Quote information is valid for U.S. customers and U.S. addresses only, and is subject to change. Sales tax on products shipped is based on "Ship To" address, and for downloads is based on "Bill To" address. Please indicate any tax-exempt status on your PO, and fax your exemption certificate, with seller listed as *Dell Federal Systems L.P.*, to Dell's Tax Department at 800-433-9023. Please include your Customer Number.

For certain products shipped to end-users in California, a [State Environmental Fee](#) will be applied. For Asset Recovery/Recycling Services, visit www.dell.com/assetrecovery.

IMPORTANT: Should **Cleared Personnel** be required onsite to facilitate warranty, installation or other services under any resulting Order from this quote, proper warranty support entitlement including the mandatory Federal Specialized Support sku with a ProSupport level service contract and a DD254 must accompany the Order.
